28

parents participated in 3 Focus Groups

32

young people participated in the Youth Workshop

80

service providers participated in 6 Network meeting conversations

40

children completed the Children's Activity

What we heard

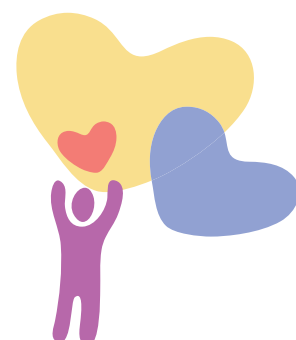

We heard about what you like about Moreland; our diverse community, parks and open space and living close to the city and its amenities.

We heard that you'd like better access to local services, more community activities and events, a focus on environmental sustainability and equitable infrastructure across Moreland.

We heard about the importance of children and young people being part of consultations and having a say on issues that impact them.

We heard about the impact of COVID-19 on children, young people and families.

You may have noticed the name of the Plan has changed, we've taken on board your feedback about families being central to the wellbeing of children and young people and have now included them in the Plan's title.

What we will do

We will be developing a draft Moreland Children, Young People and Families Plan and will seek your feedback in April 2021.
