

# Would you like to connect with young people and be part of a fun art project?

In August and September, we're running an intergenerational art project for older and younger Coburg residents.

You can be connected with a young person to get to know them, share stories, and have fun developing some art. You don't have to be a professional artist. Anyone can do it! You will be guided by two friendly professional local artists called Steph and Glen.

You can be part of this project from your home. You don't need to meet in person. We will be following safe COVID practices.

All the work will be developed into a large artwork to be displayed in Victoria Mall. When the COVID restrictions ease, you can see the artwork in person and meet the other participants.

If you are interested, phone or email Elly Gardner at Council to find out more.
